

The U.S. Soccer Foundation provides grants to programs that develop players, coaches and referees in economically disadvantaged urban areas. Field Grants from the Foundation support the construction and improvement of soccer fields and provide young people with more places and opportunities to play The Beautiful Game.

Sport Court futsal surface in Southern California.

PLAYING TO YOUR ADVANTAGE.

Connor Sport Court International, Inc. is the leading manufacturer of sports surfacing in the United States, offering the most complete line-up of both outdoor and indoor athletic surfaces. Sport Court is proud to be the “Official Supplier for Futsal Surfaces” for the U.S. Soccer Foundation, the Major Charitable Arm of Soccer in the United States. As a member of the Foundation’s Partners Resource Center, we offer Foundation Grantees and Community Partners innovative modular futsal surfaces for both indoor and outdoor applications.

*Sport Court
has built nearly
100,000 courts
worldwide,
providing superior
performance
while emphasizing
athlete safety.*

At Sport Court, we take athlete safety seriously. No outdoor performance surface surpasses the patented design of Sport Court's PowerGame™ for absorbing shock, based on ASTM F1292, which measures the likelihood of head injury as a result of a fall. Independent testing also confirms that our outdoor surfaces provide the highest level of traction and the lowest surface abrasion in the industry. Our athletic surface systems also feature our patented Lateral Forgiveness™ technology, which reduces stress on knees and ankles.

Sport Court has installed nearly 100,000 projects worldwide and produced the first modular outdoor playing surface over 30 years ago. Our commitment to quality and performance has made us an official supplier to many of the top sporting organizations in the world. More athletic events are played on Connor Sport Court surfaces than any sports flooring in the world.

*Indoors and outdoors,
Sport Court has the
surface for futsal.*

Building Championship Affiliations

For almost 20 years we have been supporting national governing bodies of sport and their championships.

Since 1989, we have been the official playing surface of USA Volleyball's Men's and Women's National Teams and Junior Olympic events, a relationship that continues today. Our Response™ modular surface is the official playing surface of the NCAA Men's and Women's Volleyball Championships. In addition, we are proud to be the only surface approved by FIBA—the international governing body for basketball—for outdoor competition.

Sport Court is also the official playing surface of the Asian Football Confederation's Futsal Championships and the KL5 World Futsal Championships.

The U.S. Soccer Foundation uses our PowerGame™ and SportGame™ outdoor modular system, plus Response™ indoor modular flooring, for futsal play, providing Foundation Grantees and Community Partners with a variety of surfacing options and playability.

Every Sport Court flooring product is subjected to rigorous internal and third-party testing, ensuring that we meet the highest standards for quality and performance.

Sport Court surfacing delivers performance at the highest level.
